

# Daniel J. Hillman

hillmandj@gmail.com • [github.com/hillmandj](https://github.com/hillmandj) • 473 4<sup>th</sup> St. Apt 1L Brooklyn, NY 11215

## OBJECTIVE

My goal is to constantly learn and improve through hands on experience. I am self-taught, and always do whatever I can to challenge myself. I am looking for a company that asks their developers to solve interesting problems, and is very team oriented.

## WORK EXPERIENCE

**PublicStuff • New York, NY • [www.publicstuff.com](http://www.publicstuff.com)**

**Consulting Developer • July 2014 – Present**

- Developing a test suite using Karma and Jasmine to ensure the quality of client-side code
- Writing integration specs using Selenium to enable testing in multiple browsers
- Configuring build processes and Continuous Integration using Jenkins
- Assisting developers in fixing bugs in production

**Chloe & Isabel • New York, NY • [www.chloeandisabel.com](http://www.chloeandisabel.com)**

**Jr. Engineer • February 2014 – July 2014**

**QA Automation Engineer • October 2013 – February 2014**

- Developed a Ruby On Rails app to run the company's Selenium test suite via a web-interface, enabling stakeholders to execute using variety of options and storing all results in a RDS
- Coded numerous tests using Selenium's Ruby bindings, and fixed broken specs
- Led the QA team's mobile testing initiative through the use of Appium
- Worked outside the scope of QA by fixing bugs and developing features in production
- Rewrote a significant portion of the admin section of the site, using HTML, CSS, JavaScript, and Ruby On Rails

**MedTech Risk Management • New York, NY • [www.medtechrisk.com](http://www.medtechrisk.com)**

**Analyst • August 2012 – October 2013**

- Coded and maintained Python script to automate the organization of thousands of incident reports from over 250 nursing home facilities
- Streamlined billing procedures through the use of Excel
- Assisted management with IT related issues
- Entered legal information into the company database

**Lincoln Square Advisors • New York, NY • [www.linsq.com](http://www.linsq.com)**

**Associate • July 2011 – August 2012**

**Analyst • April 2010 – July 2011**

- Executed firm's accounting and financial operations
- Maintained CRM system to track sales pipeline and improve client service
- Supported hedge fund operations engagements
- Contributed to business development by successfully sourcing two clients
- Conducted analysis on the hedge fund industry for the firm's marketing and business lines
- Analyzed, improved, and organized firm and client marketing materials
- Performed due diligence reviews of private placement opportunities
